

ST-01 Smart Band For Seniors

A reliable assistant for anyone who looks after elderly relatives and cares about their health! This smart band will help you to monitor their location and check their heart rate. It offers convenient telephone communication at the touch of a button, which is simple for a person at any age. The owner of the band can easily send you voice messages. Besides, you can turn on several notifications, such as crossing a security zone, lack of pulse data or low battery. You can set an alarm, and use callback and listening modes. Discreet control and care for your loved ones made simple and convenient!
