

# How good becomes even better – part 3- Olight JAVELOT PRO 2

**Bright and Distant Beam:** Delivering up to 2,500 lumens with an extreme beam distance of 1,050 meters.

**Dual Switches:** A side switch to select 4 different modes during daily use, and a dual-stage tail switch for tactical operation.

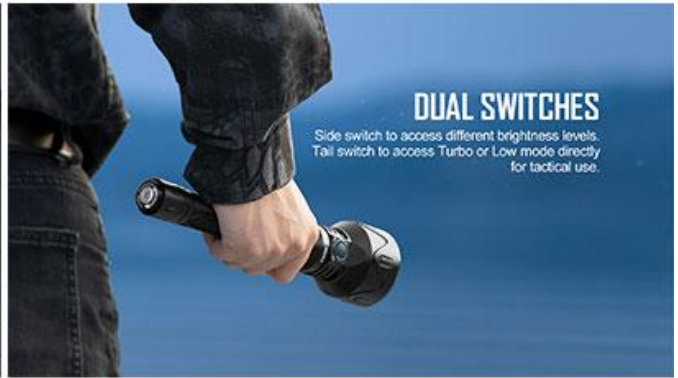

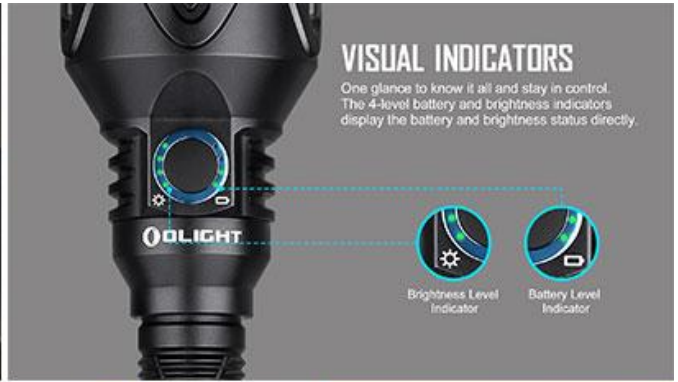

**Visualized Indicators:** 4-level battery and brightness level indicators around the side switch which can be read at a single glance.

**Replaceable Battery Pack:** The battery pack comprises two 5000mAh 21700 batteries. It allows for longer runtime and quick replacement.

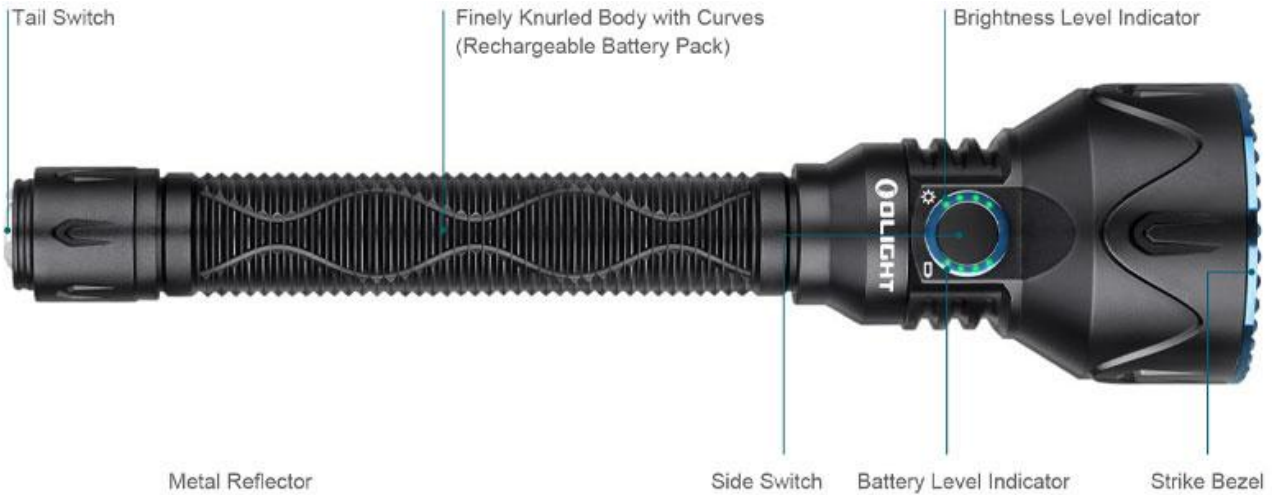

**Mounting Option:** Mounts are offered as optional accessories. With the new optional dual-button remote switch, you can access the turbo and low output directly.

**New Knurling:** The body knurling is denser and deeper for a firm grip.

**Build to Last:** Made of aerospace-grade aluminum alloy, the Javelot Pro 2 is IPX8 waterproof and able to handle the 1-meter impact.
