

Die erste Olight-Lampe für das Wohnzimmer ! - Und für den Schreibtisch ...

Mit auswechselbarem Lampenkopf !! - Verschiedene, magnetische Olight-Taschenlampen können verwendet werden ...

Gut erklärt im Video-Clip: <https://www.youtube.com/watch?v=fScZ5hzJe8s>

The new Nightour is an aluminum table lamp that combines a multi-color light stem and a detachable lamphead.

The perforated stem houses a set of warm white LEDs that range from 8 to 60 lumens and a set of RGB LEDs that create colorful ambient lighting. Moreover, the RGB LEDs support 256-color gradient rotation that is just gorgeous. Both the warm white light and RGB light can be customized and stepless-adjusted by flipping the metal two-way toggle switch at the bottom. The Nightour is also equipped with a detachable lamphead.

You can attach it to the magnetic charging port at the top of the lamp, or simply hold it in your hand like a flashlight

FEATURES OF LIGHT STEM

Warm White Light: 12 white LEDs inside, producing a cozy warm white light from 8 to 60 lumens. Set the ideal brightness to illuminate your home space.

Vibrant Color Lights: 12 RGB LEDs inside, delivering fantastic 256-color rotation besides the normal red, green, blue rotation. You can also freeze the color rotation when you find your favorite.

Extended Runtime: With a built-in 4000mAh rechargeable battery, the light stem can run up to 31 hours when unplugged.

Two-way Toggle Switch: Stepless-adjust or change the output of the light stem by flipping up/down the toggle switch at the bottom.

PERSONALIZED LIGHT COLOR
The Nightour stem features two color-changing modes. You can freeze your favorite color once it is reached. Say goodbye to dullness.

*Note: Solid RGB colors can only be reached by flipping up the toggle switch twice after your preferred color is set.

WARM WHITE LIGHT
Stepless dimming white light creates warm and cozy moods.

ALSO A TABLE LAMP
The lamphead makes a great table lamp while attached. Its beam is evenly distributed and adjustable up to 90°. Quickly turn the light on/off or have stepless brightness adjustment using the top lamp button.

90° Adjustable

SUPERB COMPATIBILITY
The top magnetic port can control and charge many compatible Olight products while the Nightour is plugged in.

Compatible for charging:
Lamphead, Obulb, Obulb MC/MCs, S1R series, Baton 3.

Compatible for control:
Lamphead, Obulb MC/MCs, Baton 3.

USB-C CHARGING
The Nightour stem features a built-in 4000mAh lithium-ion battery that is rechargeable via USB-C.

*Note: It is advised to always use the provided plug-in for a better user experience. The battery in the Nightour stem does not provide power for the lamphead.

COMPACT AND STABLE ON SMOOTH SURFACE
The suction pad base measures only 3.35in/85mm in diameter, allowing it to sit in small spaces and remain stable on smooth surfaces.

 MAX OUTPUT 60 LUMENS (Stem) 90 LUMENS (Lamphead)	 MAX RUNTIME 31 HOURS (Stem) 10.5 HOURS (Lamphead)	 WEIGHT 14.82oz/420g (Excluding Lamphead)	 BATTERY BUILT-IN 3.7V 4000mAh (Stem) BUILT-IN 3.7V 100mAh (Lamphead)	 BODY MATERIAL ALUMINUM ALLOY	 DIMENSIONS H15.6" D3.35in/ H396.4" D85mm (Stem) H1.47" D1.3in/ 37.4" D33.2mm (Lamphead)

FEATURES OF LAMPHEAD

Reading Light: You can attach it to the top magnetic charging port for reading. With the max 90 lumens, and uniform hot spot, the details and colors are vividly clear. The deep, concaved shade also makes it easy on the eyes. Shake-control Flashlight: When used as a handheld flashlight, the built-in acceleration sensor lets you turn the lamphead on/off with double shakes.

Handy Top Button: The button at the top of the magnetic charging port allows for quick on/off and stepless dimming of the lamphead, without detaching it. (The top button works only while the Nightour is charging.)

90° Adjustable: When attached to the top magnetic charging port, it can be tilted 90 degrees by turning the charging port for the best angle of illumination.

Rechargeable Battery: Built-in 3.7V 100mAh lithium polymer battery, which is rechargeable through the Nightour (while connected to a power source), MCC 1A charging cable, or the Omino extension socket.

GENERAL FEATURES

USB-C Charging: Both the light stem and lamphead can be recharged when the Nightour is connected to a USB power source by a USB-C charging cable.

Easy to Place Around: The lightweight aluminum body and space-saving suction pad base make this mobile and flexible lamp a natural fit in any part of your home.

Compatibility: The integrated magnetic charging port can charge many compatible Olight products. The top button is also able to control the Baton 3, Obulb MC, Obulb MCs and more to come. (The top button works only while the Nightour is charging.)
